Re: Naloxone Take-Home Distribution by Federally Qualified Health Centers (FQHC) and Rural Health Clinics (RHC)

AmeriHealth Caritas PA and AmeriHealth Caritas PA CHC (the “Plan”) are following the guidelines outlined in the Pennsylvania Department of Human Services (DHS) Medical Assistance Bulletin (MAB) 08-21-07 regarding the procedure for submitting claims for a take-home supply of naloxone.

Please bill the Plan for a take-home supply of nasal or injectable naloxone distributed to Members/Participants as follows:

1. Procedure code T1015 with all other applicable service codes
2. For reporting and tracking purposes include the recently DHS added zero-pay HCPCS code outlined below on a separate claim line:

Code	Code Description
G2215	Take home supply of nasal naloxone (provision of the services by a Medicare enrolled opioid treatment program); list separately in addition to code for primary procedure
G2216	Take home supply of injectable naloxone (provision of the services by a Medicare-enrolled opioid treatment program); list separately in addition to code for primary procedure
